**Diamond Group**

**Vision  
And  
Management**

**[www.dgocl.com](http://www.dgocl.com)**

## **Vision**

- Our vision is to be globally recognized as the market leader in the electric vehicle and Oil & Gas technology and production.
- To sustain profitable growth by providing the best customer experience and dealer support.
- Being a great place to work where people are inspired to be the best they can be.
- Nurturing a winning network of partners and building mutual loyalty.
- Be a renowned Construction Company and commodity trader across our subcontinent.
- To be a leader in Construction Oil & Gas and herbal products.

## **Goals**

### **For Long Term**

- By 2025, the Group shall be able to produce more than 200,000 electric vehicles per year for this subcontinent consumption.
- Produce 1 ton of gold per year by 2025.
- Acquire Oil/Gas fields in Asia and/or CIS countries and start E&P business by 2022
- Trade \$6 Billion worth of commodity by 2030
- Become a top 10 ranked construction company and property developer in Bangladesh
- Complete the ship breaking facility by 2023
- Establish an Investment Bank by 2025 to provide investment for our local entrepreneurs and arrange at least USD 200 billion foreign funds for these entrepreneurs
- To be enlisted at New York Stock Exchange by 2025.

## **Mission Statement**

We, the Diamond Group, are dedicated to create a workplace that respects and values our employees, customers, stakeholders and community, and enables all employees to do their best work. We are committed to attract, develop, and keep skilled and innovative work force that reflects the nature of our highly technical and cross border business.

In this decade, we are committed to bring more innovation, new services and newer technology, thus new products and services in our vehicle sector, pharma business, upcoming gold mining, engineering services and all other businesses. And we shall keep doing our innovative import and export business across this subcontinent.

With continuous operational improvements, expanding capacity and a strong competitive position for serving strategic Bangladesh and Indian markets, we are positioned for long-term growth that will benefit our customers and investors.

Our purpose is to enrich the lives of people we touch. By providing highest performing financial products and services that reduce risk and increase assets, we help individuals and employers fulfill their responsibilities and build better tomorrows. Our culture is based on an unwavering belief in integrity and fair dealings, treating our clients and each other with dignity and respect. We meet the needs of the markets we serve. We strive for excellence. We take prudent risks and work together to assure our success and profitability in the future. We work hard to enhance continuously our reputation for accessibility, professionalism, performance, and the depth and quality of our long-term consultative relationships with clients. We endeavor to be valued as an industry leader in client satisfaction, sales growth, product performance, financial strength and profitability. Satisfying our customers with the appropriate level of quality is a primary goal and a fundamental element of our business mission.

Finally, safety is the top priority in our organization. Safe work practice is to be the culture of every employee of our enterprise. The safety is not to be compromised at any point for any benefit.

# Chairman's Message

Diamond Group has always been a value-driven organization. These values continue to propel our harmonic growth and business.

During the last five years, we have committed to making the Group's services and products offerings consistent, doing so through disposals, developing innovative products, started foreign trades and creations of subsidiaries.

Diamond Group at the same time became the leader in Electric Vehicle market in Bangladesh and name and fame spread across this subcontinent and in Africa as well. The Group also became one of the trusted financial service house in the country and globally. The Group also developed extraordinary herbal products, those are unparalleled, to enhance the everyday life of the people. The Group also poised to extend its urea fertilizer, DAP and Rock Phosphate business in Bangladesh and started bidding the BCIC tenders. Also, the Group is in the process of acquiring a gold mine in Tanzania and start producing the gold by the beginning of 2020.

I am committed to the enduring values of integrity, accountability, innovation and flexibility, value creation and social responsibility. Today, these values are more important than ever to our stakeholders. We strive to be a model of safe, reliable and economical products for our customers and operations for our business.

The Group has also successfully extended its geographic presence with subsidiaries across this subcontinent and is now ideally positioned to go globally.

All of this has been made possible, thanks to the Group's staff and the management who have made their efforts and works into major assets, both from a human, technical and sales perspective.

Diamond Group will henceforth manage the exponential growth and continue this cycle with a strong cash position and confirmed credit lines, hence proving the trust that the banks and the investors have in the Group.

**Haidher Syed**  
**Chairman and CEO**

# **Management of Diamond Group**

After the wonderful success of Gemini Associates and Shetu Import & Export (SIMEX) for last two decades, the management teamed up together more strongly to put combined effort and bring more glorious years ahead. Since then, the Group has been growing exponentially for last 5/6 years. Below is the list of the current management of Diamond Group. And most of them are in the Group from the inception and have strong desire to continue until retired from service. The Group never lost any senior management level personnel till now due to the strong tie between the group members for decades.

**Haidher Syed, Chairman of the Board of Directors**

**Fatema Zohora, Chairman, ISE Cards Bangladesh Limited**

**Diamond Auto limited**

**Diamond Petro Limited**

**Md. Shafiqur Rahman, Director Imports & Exports**

**Abul Bashar Khan, Director Planning**

**Sanaul Haq, Director Operations**

**Iqbal Hossain, Head of UK Operations**

**George Heinzle, Director of European Operations**

**Murali Krishnamurthy, Head of India Operations**

**Dr. S K Singh, Managing Director & CEO, Diamond Pharma & Research**

**Md. Mubinul Hoque, Director, Marketing & Procurement**

**Samiul Alam, Head of Russian Operations**

**Отправлено Elvin Ali Zade, Coordinator, CIS Countries**

**Alice Mali, Head of China Operations**

**Sami Al-Ghamdi, Head of Middle East Operations**

**Ubong Favour, Head of African Operations**

**Anbu Alagan, Head of South East Asia Operations**

**Iqbal Hossain, Head of UK Operations**

# Words from Management

We are committed to making a positive influence in all the relationships that we build. Our core values have been the foundation of our business and provide us with guidelines for our decisions and interaction that we have with our customers, partners, vendors, and each other. One of our top values is building on the foundation of hiring passionate people who desire to make a positive impact.

Equally important is inspiring the trust and confidence of our team—creating a sense of pride and a desire in each of us to achieve great things at the Diamond Group and greater things for one self is not something we preach, but a part of everyday expectations and delivery in our organization.

We value end all results we achieve. But we care just as much about *how* we achieve them.

At the Diamond Group, we take our commitments seriously and put the needs of our clients in a strong priority to be achieved. In our business, it's critical that we work to “deliver”, verses work within “a schedule”. We know that our customers and our team depend on this commitment.

Often times, clients come to us with tight timeline requirements due to a business deadline, or after having less than desirable results through a previous experience.

Our ability to delivery and give our clients full out velocity supports for their organization to thrive in today's fiercely competitive global economy.

We've been through many waves and climate changes over the years in business which has brought continued change to the way we conduct our business as well as open up opportunities to realign our strengths for the market's changing demands.

Though no matter how we shift and grow, the core of our values and philosophies always remain the same. We are committed to providing distinctive service level that provides for our clients a piece of mind. We are committed to delivering solutions that resolve our client's process bottlenecks or reducing their higher cost assumptions.

Each individual that we stamp with the Diamond Group name is a passionate team member who feels that what they do is enjoyable and meaningful. We believe that if satisfaction starts with us, then it naturally transfers to our customers through the final end results, exceeding your expectations.

## Company Introduction

**Diamond Group of Companies.** has established in the year 2008.

It was associate partner of **AMBRIN BROTHERS GROUP** from 2009-2013 in Chittagong & Dhaka. Now **Diamond Group of Companies** independent dredging & Sand filling farm in Bangladesh.

**Diamond Group of Companies** is capable to solve any Dredging works in whole Bangladesh. It has been continuing River Dredging Sub-Contract works (Shitolakha & Meghna River) since 2013.

We specialized in Land Development, Lake, River and Costal Dredging works. We have skilled manpower for and Land Development works. We have sufficient Dredgers (Local), Barges, Sand Carrier ship. We have also related Ancillary Equipment for Land development Project.

Within a short span of time since its inception it has been farmed and widely entrusted as one of the leading Dredging company having working experience with various Government and Private Construction and Development.

We are expecting the direct works or Sub-Contract for land Development works under Bangladesh Army anywhere in the Bangladesh.

## General Information

The background image shows a busy port scene. A large container ship is docked at a pier, with its deck loaded with many colorful shipping containers. A yellow truck is parked on the pier in the foreground, and a large gantry crane is visible in the background. The sky is clear and blue.

## List of Machinery/Equipment

### A. Road Construction, Earth Work and Earth Compaction Equipment (Rental Basis)

SL No	Description	Country/Make & Type	Capacity	Age	Condition	Quantity
1	Asphalt Plant	Apollo, India	40 Ton P/H	3 Yrs	Good	1 No
2	Motor Grader	12-G	10 Ton	3 Yrs	Good	2 No
3	Vibratory Roller	BOMAG	10 Ton	3 Yrs	Good	2 No
4	Pneumatic Type Roller	7 Wheel	10 Ton	3 Yrs	Good	2 No
5	Truck	Eicher & Tata	10 Ton	3 Yrs	Good	20 Nos
6	Dump Truck	Eicher & Tata	400 cft	12 yrs	Good	24 Nos
7	Pay Loader	Caterpillar	1 Cum		Good	2 No
8	Hydraulic Excavator	R907B Mitsubishi	1 Cum	3 yrs	Good	3 No
9	Air Compressor	Airmen, Isuzu		6 yrs	Good	2 No
10	Bulldozer	Caterpillar, D6N, Engine Cat C7.1 ACERT	312 hp	3 yrs	Good	1 No
11	Bulldozer	Caterpillar, D8T, Engine Cat C15 ACERT	166 hp	4 yrs	Good	1 No
11	Vibromex Roller	Japan	02 Tons	2 yrs	Good	2 Nos
12	Vibromex Roller	England	01 Tons	1 Yrs	Good	2 Nos
13	Plate Vibro Compactor	China, Japan, Italy	3 Tons	1 Yrs	Good	2 Nos
14	Water Tanker (Towed by Tractor)	England , Australia	500 Gallon	3 Yrs	Good	1 No
15	Hydraulic Jack	England	90 Tons	3 Yrs	Good	2 Nos
16	Hydraulic Truck Crane	KATO, NK-600RX, KT4060R, 43m Boom	60 Tons	5 Yrs	Good	1 Nos
17	Hydraulic Truck Crane	KATO, NK-550VR, FAW CA5420JQZ, 43m Boom	55 Tons	4 Yrs	Good	1 Nos
18	Self-propelled telescopic Stick Boom	SinoBoom, GTBZ20, 17.5m	250 KG	3 Yrs	Good	2 Nos.
19	Road Marking Machine	Singapore	40 Litre	2 Yrs	Good	2 Nos
20	Water sprayer (Truck tar Mounted)	England	500 Gallon	4 Yrs	Good	2 Nos

## B. Concreting Equipment (Rental basis)

1	Concrete Mixer Machine	China	18 cft	3 Yrs	Good	3 Nos
2	Concrete Mixer Machine	Ispahani Marshall Local	5 to 7 cft	2 Yrs	Good	2 Nos
3	Vibrator, Chinese	Diesel	2" Nozzle	6 Month	Good	6 Nos
4	Water Pump	China, Japan	4" Nozzle	2 Yrs	Good	10 Nos
5	Machanical Compactor	England		4 Yrs	Good	1 No
6	Rod Binder	China	-	2 Yrs	Good	2 Nos
7	Brick Crushing Machine	Local	20000 cft per day	2 Yrs	Good	3 Nos
8	Mechanized Boats	Local	100 to 500 Ton	1 Yrs	Good	4 Nos

## C. Welding And Electrification Equipment- Rental Basis

1	100 KVA Generator Engine Mounted	England	100 KVA	5 Yrs	Good	2 Nos
2	10 KVA Generator Engine Mounted	Japan	10 KVA	5 Yrs	Good	4 Nos
3	Welding Machine (Dry & Wet)	Local	500 AMP	5 Yrs	Good	6 Nos

## D. Soil And Concrete Testing Equipment (Laboratory Equipments) – Rental Basis

1	Soil Compaction Equipment	Foreign	-	4 Yrs	Good	2 Sets
2	Concrete Cylinder	Local	-	3 Yrs	Good	24 Sets
3	Concrete Cubes	Local	-	3 Yrs	Good	24 Sets
4	Slump Cone	Local	-	3 Yrs	Good	20 Nos
5	Cube Crushing Machine	India	6000 PSI	3 Yrs	Good	2 Sets
6	Electric Oven	China	500 Watt	2 Yrs	Good	2 Sets
7	SPT Test Equipments	Local	-	2 Yrs	Good	3 Sets
8	DCP Machine	England	CBR 80	2 Yrs	Good	3 Sets
9	AIV Machine	England	50	2 Yrs	Good	2 Sets

## E. Shutting & Scaffolding Materials (Rental Basis)

1	M. S Shutter	Locally Fabricated	18 Gauge M.S Sheet Angle Framed	2 Yrs	Good	75000 Sq.ft
2	Timber Shutter	"	"	2 Yrs	Good	30000

3	G. I Pipe for Props (1.5" to 4" dia pipe)	"	"	2 Yrs	Good	40000 Rft
4	Scaffolding	"	M. S pipe	2 Yrs	Good	2000 Nos
5	Steel Form Works of different sizes for C.C Block Casting	Locally	18 Gages M.S Sheet	1 Yrs	Good	25000 Nos

## F. Dredger & Sand Carrier Ship (Ownership Basis)

1	12 Inch's Suction Dredger	Japan & Bangladesh	-	2 Yrs	Good	3 Nos
2	14 Inch's Suction Dredger	China & Bangladesh	"	2 Yrs	Good	1 Nos
3	5 & 6 Inch's Cutting Dredger	Bangladesh	"	2 Yrs	Good	2 Nos
4	Unload Dredger	Bangladesh	"	2 Yrs	Good	10 Sets
5	Barge	China & Bangladesh	-	2 Yrs	Good	5 Nos
6	Special Sand Carrier Ship (15,000 to 20,000 Cft Capacity)	China & Bangladesh	-	3 Yrs	Good	2 Nos

## List of Bank Information

**Account Name:** Diamond Group of Companies

**Bank Name:** Standard Bank Limited

**Location:** Banani Branch, Road 11, Banani  
Dhaka.

**Account Name:** Diamond Group of Companies

**Bank Name:** Prime Bank Limited

**Location:** Bashundhara Branch  
Bashundhara R/A, Dhaka.

## Field of Activities

### Sand Filling works for Construction Engineering:

- ❖ Sand filling for High rise Building project
- ❖ Sand filling for Industrial Building project
- ❖ Dredging for Bridges & Culverts Project
- ❖ Earth Filling for Roads & Highways project
- ❖ Sand filling for Embankments
- ❖ Stone Excavation
- ❖ Stone supply and stone filling

### Sub-Structure and Foundation and Sand Filling, Earth filling works

- ❖ Sand Filling works
- ❖ Geo- Bag supplier
- ❖ Stone supplier
- ❖ Dredging works & Land Development

### Conclusion:

With the advent of their inception **Diamond Group of Companies** being nationally affiliated has since been engaged in providing all kinds of procurement services of Engineering/construction arenas under the Government of the People's Republic of Bangladesh in Government, semi-Government, foreign companies and private projects.

## Expecting Business:

- Setting up factory for manufacturing hollow Blocks and pre-cast concrete. Estimated revenue will be around Tk. 4000 crore.
- In the process of acquiring Oil & Gas blocks from the government under PSC.
- Setting up for establishing commercial bank, as a start preparing for Agent Banking.
- We shall prefer the direct procurement of the Bangladesh Army Department for Sand Filling, Dredging, Earth Cutting, Land development works and Stone supply works and/or project related any challenging works
- We shall prefer the DPM basis works by the Execution & supervision the Bangladesh Army anywhere in the Bangladesh.
- We avoid the maximum OTM method works

For Construction of roads, bridges and pipeline construction, the below equipment are available with Diamond Group of Companies for the purpose:

## Ten Powerful Road/bridge Construction Equipment from Diamond Group:

- Wheel loader dump truck.
- Motor Grader.
- Asphalt mixing plant.
- Asphalt Truck
- Asphalt Paver
- Road roller machine.
- Crawler excavator.
- Forklift truck.
- Wheel loader.
- Truck Crane.
- 

## Various Types of Compaction Equipment Use on Construction Site

Compaction is the process of mechanically increasing the density of soil. It is the simple way of increasing the stability and supporting capacity of the soil. Compaction is one kind of densification that is realised by rearrangement of soil particles without a flow of water.

### Major reasons for compaction of soil:

- Reduction of air-voids content in Soil
- Increasing load bearing capacities
- Providing Stability
- Reducing water seepage, contraction and swelling
- Prevent frost damages and soil settlement

### There are two principal types of compaction force :

#### 01. Static Force:

It is simply the dead weight of the equipment. This is done by applying the downward force on the soil surface and compressing the soil particles. Static force is confined to upper soil layers and limited to the appreciable depth. Kneading and Pressure are two basic mechanisms of static compaction.

#### 02. Vibratory Force:

It is usually an engine drive to create the downward force in addition to the weight of the machine. The vibrating mechanism is usually a rotating eccentric weight of the machine or piston combination. The compactors deliver a rapid sequence of blows to the surfaces, thereby affecting the top layers as well as deeper layers. Vibrations move the material, setting particles in motions and moves them close together for highest density possible.

The different types of compaction equipment used in compaction project depend on the scope of work. The compaction equipment to be used can either be used for some situations or can be a special type which meets the requirements of the particular project.

- Smooth Wheeled Roller
- Sheepsfoot Roller
- Pneumatic Roller
- Vibratory Roller
- Rammer
- Vibratory Plate Compactor

**The various types of compaction equipment used in Roads, bridges and building projects by Diamond Group include:**

**a. Smooth Wheeled Rollers:**

It is an important equipment for compaction. It consist large steel drum in front and one or two wheel on rear end.

## b. Sheepsfoot Rollers:

Sheepsfoot rollers also known as a tamping roller. Steel drum of Sheepsfoot roller consist of many rectangular shaped boots of equal sizes fixed in hexagonal pattern.

## c. Pneumatic Roller:

Pneumatic roller is also called rubber tyres roller. Pneumatic roller has number of tyres at the front and at the rear end.

## d. Vibratory Roller:

Vibratory roller consist two smooth drums with the vibrator. One is fixed at front and other one on rear side of vibratory roller. Both drums are of the same diameter, length and same weight.

## e. Rammers:

Rammer compactor is used for compacting small area and providing impact load to soil. This equipment is light weight and can be hand or machine operated.

## f. Vibratory Plate Compactor:

Vibratory plate compactor is used for compacting different types of soils in narrow and constricted area where it is not possible to use large equipment.

The selection of compaction equipment for building projects depend upon the nature of the mechanical, job size, distance, method of disposal, and construction time assigned, volume and depth of soil to be compacted, type of soil, loads on compacted surface, etc.

Equipment used in road construction varies depending on whether a project involves building a new road, re-carpeting a road or just minor road repairs. Here is a list of commonly used road construction equipment:

## The below Roads, Bridges and Pipeline construction equipment available from Diamond Group

### 1) Motor Grader

Commonly referred to as road grader or a maintainer, motor grader is an equipment used to create flat surfaces for asphalt to be placed on.

Common models consist of three axles, with the engine and cab located above the rear axles at the back end of the vehicle and a third axle at the front of the vehicle – with a long blade in between.

A motor grader.

## 2) Asphalt Mixing Plant & Equipment

An asphalt plant is used for the manufacture of asphalt concrete and other forms of coated road-stone used in road construction projects.

It combines mineral aggregates, sand and a filler – in correct proportions, heats the mixture and then coats it with a binder.

The plant then keeps the final product heated to avoid setting before the product is laid down in layers.

### Mobile Asphalt Plant:

**Asphalt mixing plant:**

**Asphalt Paver:**

## Asphalt Trucks:

## 3) Road Roller Machine

Once asphalt is laid down in layers, a roller machine is used to press it down into place. Rollers can be rubber tire rollers, double-drum asphalt rollers or combination rollers and the type of roller used is determined by the mixture used in a road project.

A road roller machine.

## 4) Crawler Excavator

Also referred to as diggers, excavators are heavy construction equipment used for excavating earth and rocks and loading them onto a dump trucks.

Excavators consists of a boom, bucket and cab on a rotating platform located above an undercarriage with wheels or tracks. They are capable of performing a wide range of work by changing front attachment.

A crawler excavator.

## 5) Forklift Truck

Also known as fork truck or lift truck, a forklift is a powered industrial vehicle with an attached prolonged platform that can be lowered to pick an object on or below the ground and raised to move the object.

A forklift was initially used for moving objects in factories but the design has been modified over the years to increase its uses.

A forklift truck.

## 6) Wheel Loader

A wheel loader, also referred to as front loader, skip loader or bucket loader, is a type of tractor used to move a pile of material from the ground and load it onto a truck or into an open pit.

It consists of a front-mounted square wide bucket joined to the end of two arms used to scoop up materials from the ground without spreading it out.

A wheel loader is used to move a pile of material from the ground and load it onto a dump truck.

## 7) Truck Crane

These types of cranes are usually mounted on the back of a lorry to assist with lifting requirements within a construction site.

They consist of the carrier (called the lower) and lifting component (called the upper), which are joined through a turntable allowing the lifting component to swing from side to side.

Truck cranes are usually compact, fold up, and require negligible mounting space.

### A truck crane:

### Heavy Crane:

## 8) Hydraulic Rotary Piling Rig;

## 9) Hydraulic Sheet Pile Vibratory Hammer

## 10) Bulldozer:

## Company Profile

**Diamond Group of Companies** is registered in Bangladesh. Diamond Group has always been a value-driven organization. These values continue to propel our harmonic growth and business.

We seamlessly work to provide the best quality, our products and services will be "best in class" in terms of value received for the money paid. We will deliver excellence, strive for continuous improvement and respond vigorously to change. Each of us is responsible for the quality of whatever we do. We are dedicated to satisfying our customers. We believe in respecting our customers, listening to their requests and understanding their expectations. We strive to exceed their expectations in affordability, quality and on-time delivery.

### Diamond Group

Diamond Group derives the majority of its worldwide revenues from commodity trading and import-export.

### History:

As the group started business after the liberation of Bangladesh, it started

with a huge asset left by the ancestor of the directors of the company, mostly as properties, those were unutilized for many decades. To utilize these huge assets, the directors started to develop the properties and leasing, the business started.

Diamond Group of Companies has been importing & exporting, trading & merchandising Fossil Oil, Edible Oils, Coal, various Ores, Oilseeds, Fertilizers, Grains, Music & Video discs, Motor Vehicles, etc., in major consumption markets for more than two decades. The company imports machineries & services for motor vehicles, sugar, oil & gas, food processing and chemical industries. With a network of over 6 divisional head quarters spread across Bangladesh and 4 international offices and a workforce of over 100 dedicated

# Diamond Group of Companies

employees discovering a new height of achievement.

Also, this is the first kind of company in the country designed to deal exclusively with foreign joint ventures. Our aim is to work as a partner for oil & gas exploration and other sectors, contracting, production, manufacturing, distribution, marketing and other related businesses including power generation and distribution. The company has capability to deploy its resources in a short period of time offering competitive ventures. Recently the company involved into a joint venture to set up a medium size pharmaceutical industry in India and the project is underway.

The Company has property development business (other than its own properties) in Dhaka and Brahmanbaria. Total assets in this business surpassed 75 million US dollar last year.

Also the group is pioneer in lubricant oil refining and marketing, providing drilling services, design and erection of hydrocarbon process plants, pipelines, facilities, etc., also specialized in nuclear power plants.

Also performs NDT of the facilities, certification, training, outsourcing, turnkey, etc.

Diamond Group has offices in many countries including India. The official website is [www.dgocl.com](http://www.dgocl.com) and official email at [contact@dgocl.com](mailto:contact@dgocl.com).

## Our Values:

We value our coworkers. We treat one another with respect and take pride in the significant contributions that come from the diversity of individuals and ideas. Our continued success requires us to provide the education and development needed to help our people grow. We are committed to openness and trust in all relationships.

We regard our partners and suppliers as essential team members. We owe our partners and suppliers the same type of respect that we show to our customers.

## Engineering Services

# Diamond Group of Companies

Diamond Group is a specialist engineering services & solutions company ready to service clients across a range of engineering segments helping improve their engineering efficiency, support their global footprint and improve their competitiveness, leveraging the technology, domain knowledge & our robust work planning methodology to ensure an effective global delivery model for engineering services projects.

Our engineering teams seamlessly integrate into our client's in-house engineering / product development team & environment and act as a virtual extension of their engineering enterprise.

## Engineering & Logistical Services:

Able to provide the following services:

- Engineering Services for Oil & Gas

industry, Constructions, Process Plants, Pipelines, Sugar Industry, Pharmaceutical Industry, etc.

- Logistic and manpower services for offshore and onshore operations
- Large Scale Road Construction Project
- Cross Border Shipment
- Inland Transport
- Custom Clearances
- Legal Services
- Processing permits and clearances
- Inspection services

## Civil Construction:

- Provides road, bridge & building construction equipment and manpower
- Implementing turnkey contract
- Providing logistical support
- Procurement and outsourcing
- Project Management
- Supplies and other logistics

The company is specialist in construction of high draught brick kiln and related manufacturing, processes including high quality bricks and refractory, erection and commissioning, providing all logistical support and outsourcing including engineering.

Our aim is to be the pioneer in merchandising new products and arranging various services to the oil & gas industries. Also it has high skill and experiences in civil construction, specialist in designing and constructing oil & gas process plants, pipelines,

facilities, etc. It also provides supports to large scale construction, erection and commissioning, providing all logistical support and outsourcing. Specialist in construction of high draught brick kiln and related manufacturing processes including high quality bricks and refractory.

## **Legacy of Shetu Import & Export**

More than 24 years ago, Shetu Import & Export (SIMEX) started international business by exporting live stocks, introducing audio-video cassettes in the local market from Lucky Goldstar International Ltd, Seoul, Korea & reconditioned cars from Japan. Moreover, SIMEX worked for international organization like Crown Agents of U.K. for civil construction. After successful completion of more than 19 years in business, Gemini Associates decided to go global and focus on the joint ventures. To achieve the objectives, Gemini Associates changed its name to Diamond Group of Companies and registered as a company.

**The group consists of the following companies:**

- 1) Diamond Auto Limited**
- 2) Diamond Finance**
- 3) Sardar Diamond Motors**
- 4) Diamond Pharma and Research**
- 5) Diamond Group International Ltd.**

**6) ISE Cards Bangladesh Limited**

**7) Dolphin Shipyard Limited (proposed)**

**8) Diamond Group of Companies**

## Diamond Group International Ltd

*Business Across the World*

Diamond Group International Ltd was incorporated in Seychelles and having its business offices in USA mostly deal with the international trading of commodities like Urea, coal, oil, chemicals, ores, etc. The company also acts as an intermediary and Pay Master of Diamond Finance for financing commercial projects across the world.

### Fertilizers

Diamond Group International Ltd. is the largest distributor of Urea, DAP and Rock Phosphate in South East Asia. It provides purest and harmless urea supply seamlessly.

### COAL

Diamond Group International Ltd is pioneer in coal trading across the continents. Three years ago Diamond Group became the Mandate seller of Blackstone Group in Indonesia and African high grade coal. Diamond Group is also inviting joint venture to develop and explore coal from Indonesia.

### ORES

Diamond Group also trades various kinds of ores across the continents and is a mandate seller of a Turkey mines. Diamond Group can provide high grade of iron, manganese, chromium, Aluminum and many other ores. Also the group is inviting joint venture to develop & explore mines in Asia or in CIS countries.

### Cement

Diamond Group is in the process of exporting cement from Bangladesh & Pakistan and can provide construction cement Type I and Type II. Also the Group can provide oil well cement of Class G or cement for ultra high temperature application.

### Other Commodities & Chemicals

The Group also trades and supplies other commodities and chemicals for industrial use including Para Formal Dehyde, Petroleum Products, distilled products, Methanol, Silver Nitrate, Food Grains, Poultries, Garments &

# Diamond Group of Companies

materials, equipments & machineries, etc. Also the company facilitates to export various materials & commodities from India.

## Pure Palm Oil

We take immense pride to introduce ourselves as one of the leading distributor of Edible Palm Oil. It is highly nutritious, 100% natural and pure, imported from Malaysia.

## Distributorship

Diamond Group is inviting applications countrywide for the local distributorship. Attractive commissions are offered for volume based sales.

## Joint Venture

According to the Commonwealth Alliance Program (CAP), strategic alliances accounted for 25% of all revenues and this figure has been steadily growing. Diamond Group believes in partnership and inviting foreign companies for Joint Venture in the following areas:

From Home & Abroad

- Oil & Gas Exploration
- Motor Vehicles, electric or CNG driven
- Apparels & Textiles
- Plastic products
- Cotton Waste
- Iron Scrap (HMS 1 & 2)
- Biotech & Pharmaceuticals
- Chemicals
- Sugar Industries
- Construction, IT & Property Development
- Live Stocks Cultivation & Processing

# Diamond Group of Companies

## Diamond Auto Limited

As the environment started deteriorating day by day, green energy driven car and other appliances will be the future of the mankind. Diamond Group is committed to take the lead in the green energy revolution. As a part of the commitment, the group started manufacturing and marketing the electric vehicles all around.

### Electric Car / Vehicles:

Diamond Group is marketing various motor vehicles including commercial transports and electric vehicles.

A group of highly trained and professional marketing personnel is leading the company.

The business is growing exponentially.

# Diamond Group of Companies

Company has in-house design capability for vehicles of various models. A highly trained and experienced engineering team is designing, fabricating, assembling and testing all the vehicles Diamond Auto presents to the markets.

Also the Company has the joint ventures with large Indian, European and Chinese companies from to manufacture and market electric & fuel operated vehicles in Bangladesh. So far enormous response has received from the consumers and the queue to get a booking is getting longer and longer. To meet the additional demand, Diamond Group is preparing for joint ventures to set up factories in Bangladesh.

## Sardar Diamond Motors

Joint venture with Sardar Motors, the Sardar Diamond Motors was established to provide low cost electric vehicles to the rural peoples under attractive credit scheme.

### Electric Car / Vehicles Under

## Micro Credit

To boost the rural economy, in last four years, more than 100 thousand three wheelers were provided to the rural people under credit scheme starting with only 10% down payment.

### Sardar Diamond Motors

N.L. Plaza, By Pass Road  
Pait Tala (Near TV Station)  
Brahmanbaria-3400  
Phone: (+880) 851 63376

It is planned to provide each year 100 thousand cars to the rural people. Also there is a huge employment opportunity has created for this project.

# *Diamond Solar*

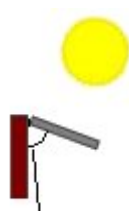

Diamond Group started the solar power business from 2006 by installing solar panel on the roof of Easy bike. Since then it has been providing the full system with high efficiency panel and electricity storage equipment.

Diamond Solar is collaborating with University Bremen in Germany for best technologies and can provide solar panels up to 36% efficiency.

## Recent Project:

- 1) KSY 2.7 MW Solar Power Plant
- 2) Sampan Auto 20 MW Solar Power Plant
- 3) Mongla Port 2 MW Solar Power Plant

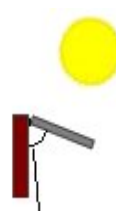

### Khulna Average Solar Insolation figures

## *Diamond Finance*

It was a great start of **Diamond Finance** as a huge amount of asset and liquid cash was unutilized from generation after generation.

As the group formed to utilize these liquid and other assets, a huge response was received from the great Entrepreneurs. The current recovery of loans and funding is over 99%.

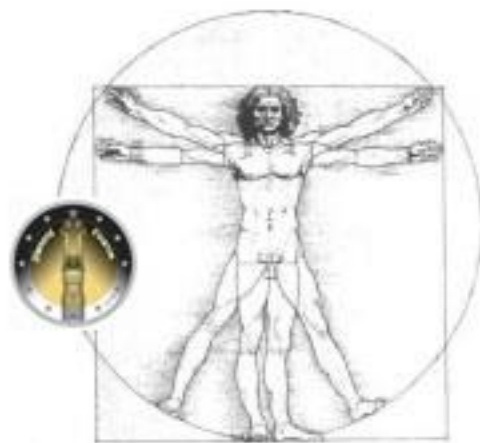

Diamond Group also assists financing very large scale commercial projects (i.e., Euro 20 million to 20 billion) across the world.

interest rates, generally varies from 1% to 4.0% at this moment (August, 2014) depending on the size of the projects and does not require physical collateral and very easy paper works.

Also Diamond Group is the Authorized Sole Agent of one of the worlds' largest private financing institution The Foundation The Art of Being from The Netherlands for financing in Bangladesh and worldwide.

The financing from The Foundation, the Manhattan Capital Corp LLC, GITA Holdings are available at very low

## Foundation The Art of Being

The approval process is also very fast and can be done within 2 weeks. The loan amount could vary from Euro 5 million to 20 billion or more. The loan repayment options are also flexible

and could be extend up to 12 years.

Also Diamond Finance has partners like Manhattan Capital LLC from USA, GITA Holdings AG from Switzerland, also assist Diamond Finance to fund large scale commercial projects around the world.

The beauty of these financing is huge quick liquid money and no other conditions about the projects or the way money will be utilized. The entrepreneurs have full freedom to utilize the money in their own way where they can make their investment in more profitable way. There is no direct supervision on the projects the entrepreneurs are implementing.

## **Finance Offered:**

- 1) Eastern Refinery Limited, Bangladesh >> USD 1.0 billion offered in 2009
- 2) International Petrochemical Technologies Factory, KSA >> SAR 4 billion
- 3) Unicorn India >> Euro 100 million
- 4) Peace Housing Limited >> USD 72 million
- 5) JK Agro Ltd. >> USD 30 million
- 6) Raja Badshah Auto Generation Ltd >> USD 11 billion.
- 7) Three Star Housing Ltd. >> USD 700 million.

8) ROSTER LUCK LIMITED, Victoria, Mahe, Seychelles >> USD 1.5 billion.

9) Begun Sufia Textile Mills Limited >> USD 2,800 Million

Also offered Euro 50 billion fund to the Honorable Prime Minister of Bangladesh for the development of the nation.

Foreign fund offered to many other companies ranging from USD 5 million to USD 200 million

## ISE Cards Bangladesh Limited.

As Bangladesh is one of the developing countries, company has taken initiative to reduce the cost of foreign living of students, youths, doctors and faculty members by providing them discount cards. The cards will enable them to avail discount in all respect up to 70%. This initiative will enhance reducing the foreign currency expenditure abroad.

### ISE Cards Bangladesh Limited

#### ISE History

International Student Exchange Cards (ISE Cards), Inc. traces its founding back to 1958 at the University of Illinois, USA. The idea was to help students by enabling them to afford traveling by utilizing the International Discounts offered by ISE. The company was formally incorporated in 1987 in the State of Illinois, USA. The United States Patent and Trademark Office granted Patent number: 1,564,435 on November 7, 1989. The ISE Card is the only student identification card to attain this accreditation and protection. Initially, ISE Cards were issued only to American students traveling overseas. By the late 1980's ISE Cards were also issued in Asia, followed by South and Central America, the Middle East, Europe, Canada, Australia and South Africa. Today, the ISE Card is sold in over 50 countries around the world. The ISE Cards Inc. USA has joint-venture with

ISE Cards India Limited as GSA for whole Asia & Africa, and **ISE Cards Bangladesh Limited** is incorporated in 2011 under Company of Law, Govt of Bangladesh, as public limited company and.

#### Major Advantages

- Get Unlimited Discounts Worldwide
- Get US \$2000 medical coverage
- Get upto US \$ 5000 as Evacuation Coverage
- 24 hrs Worldwide Travel Protection
- ISE Calling Card Save Upto 70%

Work Order No: CCECC/WO/N8/P9/SYLS/16

Date: 3/11/2017

To

Haidher syed

Authorized Representative

Diamond Group Of Companies

Sub: Purchase Order for supply Shylhet Sand (Coarse Sand) from Sylhet, Bangladesh for Arial Khan Bridge Project, Shibhar, Madaripur

Ref: CCECC's approved rate of 3 November 2017

Dear Mr. Haidher syed

With reference to the above and our discussion, we are pleased to accept your offer and issue the purchase order under the following terms and conditions:

**Scope of Work:** The **Diamond Group Of Companies** will supply the Sylhet Sand (Coarse Sand) from Sylhet, Bangladesh. The supplier will supply the Sylhet Sand at **Arial Khan Bridge Project, Shibhar, Madaripur**. Supplier will supply materials at site and site measurement will be done in the presence of CCECC's and **Diamond Group Of Companies** representatives according to the truck body volume and height measurement according to present conditions. The material shall be clean, free from unsuitable particles and other deleterious material. Sylhet Sand shall consist of natural sand and fine aggregates from different sources of supply shall not be mixed or stored in the same pile. The amounts of deleterious substance when tested in accordance with not exceed the following limits: Friable Particles; 0.5% by mass, Coal and Lignite; 0.5% by mass, Material passing the 0.075 mm sieve; 3.0% by mass, Any other deleterious materials shall not cause a strength reduction of the concrete of more than 5% in relation to the strength of concrete free of the concerned deleterious material. The grading shall normally be in accordance with Table-1.

Table-1

Grading Requirements for Fine Aggregate	
Sieve Size (mm)	% Passing by Weight
10.0	100
5.0	95-100
1.2	45-80
0.30	10-30

**Subject: Supplementary Work Order**

Ref No: CGGC/BRT/WO/2018/003

Dear Sir,

Reference to CGGC/BRT/WO/2018/003, as per our mutual discussion between the parties, the following terms in the above work order will be revised:

Item 2:

Revised as follow:

No.	Description	Qty	Unit	Approved Rate (Each)	Total Amount
1	Dump Truck Capacity 16.2(ton).	2	Set	75,000/-	75,000/-

Remark: Another 2 Dump Truck will off-lease at June 3<sup>rd</sup>, 2018.

Item 3: Working hours

Revised as follow:

Working hours: Normal 240 hours Monthly Basic. The working hours (including day shift and night shift) will be counted according the actual running hours (not including any stand by time). If monthly **Total Working Hours** is less than 240 hours, it will be counted 240 Hours ( but the Mechanical breakdown time or other idle time because of your party causes will be deducted from the 240hours). If monthly Total working hours is more than 240 hours, it will be counted for over time as per ratio.

Item 6: Driver Fooding Allowance

Revised as follow:

Providing Dump Truck (16.2 Tone) Driver Fooding allowance @ TK. 1,200/- per day(8hours). The working days will be counted according the actual daily running hours(not including any stand by time). if no work, food allowance will not paid.if the daily running hours is less than 4hours(including 4hours), the working day will be counted half day; if the daily running hours is more the 4 hours and

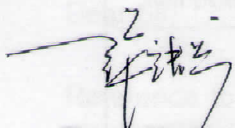

less than 8hours(including 8hours); the working day will be counted 1 day; if the daily running hours is more than 8hours, the working day will be counted for over time as per ratio.(Night shift is same with the above calculation.)

If above Items is acceptable to you please sign & seal the duplicate copy of this work as a token of agreement and return us the same.

Sub: Purchase Order for Supplying of Graded Yellow Sand as detailed below for the HSIA Project in Dhaka.

Dear Sir,

Kindly refer to your quotation No.: DGOC/Jinsung/Q/SS/2020-3/03 (Rev-1.1) and subsequent discussion had with you, we, the Jinsung RMC Limited, hereunder called the Buyer, are pleased to confirm you (hereunder called the Vendor) the Purchase Order as detailed below:

Sl. No.	Description	Source	Unit	Rate (BDT)	Terms
1	Graded Yellow Sand (Base Condition)	Durgapur	CUM	1695	measurement of the actual quantity loaded and weekly payment.
2	Graded Yellow Sand (Alternative Condition)	Fazilpur (Syllet)	CUM	1624.50	measurement of the actual quantity loaded and weekly payment.
3	Graded Yellow Sand	Durgapur	CUM	1709	measurement of the actual quantity loaded and bi-monthly payment

Note: - Fazilpur sand could be delivered during the monsoon only subjected to the availability as per order from Buyer, (i.e., from June to October)  
- For any day time delivery offer from Buyer's request (i.e., 6:00am to 6:00pm) Tk. 4.00/CFT will be added with the above prices.  
- The Vendor need to get permission from The Buyer when the ghat and the point of screen site is changed.

### **Terms and Conditions:**

The terms and conditions stipulated herein are final and binding. These supersede any other terms and conditions, correspondence between the Vendor and the Buyer or any personal discussions the Vendor had with Jinsung RMC.

1. Scope: Supply of the above sand on DDP at site (at Hazrat Shah Jalal International Airport, Dhaka) Basis.
2. The sand will be carried by trucks and will be unloaded and delivered at the site. The measurement for Cubic Foot or Cubic Meter of Sand, herein called CFT or m3, will be measured in front of the Buyer Representative before unloading from the truck. If calculated by weight than calculated by experimented test result by Buyer can be used for the calculation constant number.
3. The Buyer's designated person by noticed by document shall sign the delivery certificate upon satisfactory acceptance of the delivered materials.
4. Daily Delivery Quantity: 1000 m3 per day maximum. Buyer shall order prior 24hours before the delivery date.
5. Contract Quantity: 100,000/- (One Hundred Thousand) metric tons  $\pm 10\%$  per annum subject to change in HSIA project schedule and progress.

*J. S. B. Rina*

*DB*

6. Supply Period: One year and could be extended further after subsequent negotiation between both parties and subsequent order amended by the Buyer.
7. Price Basis: Fixed & Firm till the completion of all the above quantity supplied.
8. VAT: VAT is exempted for this item. However, if it is implied somehow, both parties agree to make a revised Purchase Order according to mutual agreement.
9. AIT: The Vendor will pay the AIT by The Vendor and submit the Tax payment receipt to the Buyer after the tax assessment. If there is any dispute about the AIT tax payment issues both parties agree to make a revised Purchase Order according to mutual agreement.
10. Order Term: At least 24 hours of advance notice, either by SMS or email or by messengers, will be provided to the Vendor to deliver the material. The Vendor shall notice to Buyer the excuse letter if there has any problem to supply such ordered material in time. The Vendor shall provide revised supply plan within 1 days after the excuse notice. The Vendor shall not postpone more than 3 days.
11. Payment Terms: Within 7 days after receipt of the Invoice by Pay order or T.T, provided that Buyer may hold payment of the invoice until any of the materials that fail to comply with the Technical Specifications stated herein are replaced by the Vendor in accordance with clause 12 below.
12. Rejection and Replacement:  
All goods supplied and payment for such goods shall be subject to Inspection and/or testing at site for acceptance of the same. In the event of such goods not conforming to the specification as per PO and/or fails for its intended use, such goods shall be rejected by the Buyer Representative by his decision at the Buyer's site. The Vendor shall make free replacement and without any cost to the Buyer within a reasonable period (say one week) from the date of notification by the Buyer. The Vendor shall pay Loading cost BDT 70.00/m<sup>3</sup> to load the rejected material on the Vendor's transport Vehicle. Loading Cost can be deducted from the payment amount. The Vendor/supplier shall not be released from any of its liability or obligation under the PO by reason of any such inspection or testing or witnessing of testing, or by the submission of reports of Inspection or testing to the Buyer prior to dispatch.
13. Technical Conformance  
The Vendor's execution of this order and the shall be in strict conformity with the Technical Specifications specified in the PO (including Annexures attached hereto) and subsequent agreements between the Parties, if any.
14. Inspection  
The Buyers can request inspection of the screening ghat, stock area, and other related business site.
15. Safety Stock  
The Vendor shall store safety stock for the emergency situation at the Ghat area, Ashulia and Mawna area around Total 6,000 m<sup>3</sup> with conforming quality.
16. Unloading: The Vendor shall unload efficiently at the site and if there is any problem to unloading then submit unloading plan by the Vendor's cost.
17. Buyer & Billing Address:  
Jinsung RMC  
Address: .....  
.....  
.....
18. Order of Precedence:

*J. G.B. Thakur*

*[Signature]*

The terms and conditions given in this Purchase Order shall supersede the terms and conditions given in any other documents to the extent they are at variance. In case of any conflict between the various parts of the Order documents the decision of the Buyer's Project Manager shall be final and binding.

#### 19. Safety

The Vendor shall follow safety rules of the site. All the risk until the end of the site delivery shall be borne by the Vendor.

All the vehicles need to be registered before the delivery as the site rules.

All the workers and drivers are needed to be registered and shall follow the safety instruction before commencing the work.

#### 20. Dispute

If there are any dispute between The Vendor and The Buyer that cannot be resolved amicably, the parties shall resolve the dispute in accordance with the dispute resolution procedure set forth in the contract between ADC and Jinsung.

The PO is the full agreement between the Parties and includes the following documents which shall be taken as mutually explanatory of one another and shall be deemed to form and be read and construed as integral parts of this PO and in case of any discrepancy, conflict, dispute they shall be referred to in the order of priority as follows:

- a) This Purchase Order with all its amendments if any
- b) RFQ and the Vendor's quotation no.: DGOC/Jinsung/Q/SS/2020-3/03 (Rev-1.1)
- c) General Terms and Conditions annex no.1
- d) contract between ADC and Jinsung

Kindly send signed and stamped copy of this Purchase Order as a token of acceptance.

Yours faithfully

For and on behalf of Jinsung RMC

## SECTION 1. PURCHASE ORDER AGREEMENT

THIS PURCHASE ORDER AGREEMENT (the "Agreement" or "Purchase Order") is executed and delivered on this 14th day of December 2020 (the "Effective Date")

### BY AND BETWEEN:

- (1) **AVIATION DHAKA CONSORTIUM**, a consortium formed pursuant to the laws of the People's Republic of Bangladesh with its office at CEMSU Area, Civil Aviation Authority of Bangladesh (CAAB), Kurmitola, Dhaka-1229, Bangladesh (the "**Purchaser**" or "**ADC**"), as represented in this Agreement by Samsung C&T Corporation, a member of ADC, having full power, authority and responsibility to execute and perform this Agreement on behalf of ADC; and
- (2) **DIAMOND PETRO LIMITED**, a company organised and existing under and by virtue of the laws of Bangladesh and having its registered address at # 239, BirShrestha Shaheed Sipahi Mostafa Kamal Stadium Market, Kamlapur, Dhaka-1214, Bangladesh (the "**Supplier**").

The Purchaser and the Supplier are sometimes collectively referred to as the "**Parties**" and individually as a "**Party**".

### BACKGROUND:

- A. The Supplier carries on the business of supplying the Goods.
- B. The Purchaser wishes to buy, and the Supplier wishes to supply, the Goods on the terms and conditions set out in the Purchase Order.

### IT IS AGREED:

Unless otherwise defined in this Agreement, words and expressions shall have the same

₹ ১০০

₹ ১০০

একশত টাকা

খস ৬৩১২১৮৪

meaning as are respectively assigned to them in the Conditions of Purchase Order.

2. The following documents shall be deemed to form and be read and construed as part of the Purchase Order:

- 2.1 Section 1: Purchase Order AGREEMENT;
- 2.2 Section 2: Conditions of Purchase Order  
Part I General Conditions; and  
Part II Particular Conditions;
- 2.3 Section 3: Appendix to Conditions;
- 2.4 Section 4: Scope of Supply;
- 2.5 Section 5: Schedule of Rates;
- 2.6 Section 6: Programme of Supply;
- 2.7 Section 7: Specifications;
- 2.8 Section 8: Ancillary Documents;
- 2.9 Section 9: QHSE Requirements; and
- 2.10 Section 10: HSIA Expansion Project Penalty Regulations

3. Subject to Article 4 below, all the documents forming the Purchase Order are to be taken as mutually explanatory of one another. If an ambiguity or discrepancy is found within or between any part or parts of the Purchase Order, the Supplier shall notify the Purchaser immediately and shall comply with any clarification or decision of the Purchaser and no such clarification shall entitle the Supplier to any additional payment or extension of time under or in connection with the Purchase Order.

4. In the event of any conflict between

- 4.1 Section 2 (Conditions of Purchase Order) and this Section 1 (Purchase Order Agreement) or any other Section of the Purchase Order, Section 1 (Purchase Order Agreement) shall take precedence; and

- 4.2 Part I (General Conditions) and Part II (Particular Conditions) of Section 2 (Conditions

## SECTION 5. SCHEDULE OF RATES

### Schedule of Rates

(Unit : BDT)

Item Description	Unit	Quantity (Indicative)	Unit Rate (Fixed)	Amount
Fine Aggregate for Pavement (FINESS MODULOUS : NOT LESS THAN 2.5)	m3	<del>XXXXXXXXXX</del>	<del>XXXXXXXXXX</del> /00	213,736,527.21

\* Only AIT is excluded in the above Unit Rate which will be directly paid by the Purchaser to the concerned Government Authority

\* Unit payable amount of Fine Aggregate : 1m3 \* Blending Ratio(%) \* Unit Rate

#### Notes:

- 1) All unit rates specified in this Schedule of Rates are firm and fixed and shall not be subject to any escalation of prices or fluctuation in exchange rates during the Delivery Order Period.
- 2) All quantities and amounts specified in this Schedule of Rates are provisional and subject to the re-measurement of quantities actually supplied in accordance with the Purchase Order. All unit rates in this Schedule of Rates shall be firm fixed and applicable to all Delivery Orders issued by the Purchaser and shall not be adjusted irrespective of the actual quantities supplied.
- 3) Mode of Measurement:  
After measuring the weight of fine aggregate by weigh bridge and convert to volume for payment. **1.42 ton/m3 of conversion rate** shall be applied.

### Payment Schedule

- 1) 100% payment within 30 days from the date of the non-disputable document  
(Commercial Invoice and so on) every month.

## SECTION 7. SPECIFICATIONS

Technical specification of Goods (River Sand) :

- F.M(Fineness Modulus) > 2.5
- Plasticity: The portion of material passing the 0.425mm sieve shall be non-plastic, when tested in accordance with ASTM D 4318.
- days soaked CBR >7 , when compacted to a MDD of 95% of ASTM D 1557.  
(Natural soil or Sand or Mixture of soil and sand)

Notes:

- 1) The Supplier shall be fully responsible to comply the above technical specifications of Sand.
- 2) The Supplier shall conduct daily test to ensure the quality of Sand before unloading to its stock yard and deliver to the Project Site.
- 3) In case, delivered sand doesn't meet the above specification, the Supplier shall take the delivered sand back at its own cost and shall be responsible to indemnify the Purchaser for any negative impact on the Project and any consequential loss of the Purchaser due to the failure to meet specification.

## AGREEMENT OF SAND SUPPLY

**THIS AGREEMENT OF SAND SUPPLY** (this "**Agreement**") is made and entered into as of the October 28th, 2021. (the "**Effective Date**")

### BY AND BETWEEN:

- (1) **Diamond Petro Limited**, a corporation organized and existing under the laws of the Bangladesh and having its registered address at Showroom # 239, Bir Sreshtho Shaheed Mostafa Kamal Stadium Market Kamlapur, Dhaka-1214, Bangladesh.

The Supplier and the Buyer are sometimes collectively referred to as the "**Parties**" and individually as a "**Party**".

### IT IS AGREED:

#### 1. Delivery

1.1 Delivery Period : Supplier shall supply Sand to Buyer for 2 months from the 3rd of November, 2021 to 31th of Dec, 2021

1.2 Delivery Place : The sand shall be delivered on site at Batch Plant Site at Airport VIP Road, Terminal 3, Expansion Project Hazrat Shahjalal International Airport Dhaka.(under Site)

1.3 Transport : The sand shall be carried by Dump truck and will be unloaded and delivered at the site. The measurement is for Cubic Meter (under CUM) of Sand. Supplier shall follow Transport regulation of HSIA Project. And The cost due to changing of load quantity per truck after Effective date of Agreement cannot be charge to Buyer

#### 2. Quantity

2.1 Total Delivery Quantities : Total delivery quantity is 10,000 CUM (Monthly average is 5,000 CUM) for Delivery Period. However if Ready Mixed Concrete consumption quantity of "Hazrat Shahjalal International Airport Terminal 3 Expansion Project(under HSIA Project)" is reduced due to stop or delay of HSIA project, the total delivery quantity of sand may decrease.

2.2 Daily Delivery Quantities : Supplier shall deliver from **150 CUM to 200 CUM** of sand daily to the site

*[Handwritten signature]*

### 3. Type and Quality

3.1 Types of sand : Fine aggregate for concrete

3.2 Quality of Sand : Sand delivered by supplier shall be more than 2.55 F.M and it shall be uniformly graded and shall meet the follow grading requirements ( AASHTO M6 or ASTM C33)

Sieve Size(mm)	Cumulative % Passing Percentage by Weight
9.5	100
4.75	95 - 100
2.36	80 - 100
1.18	50 - 85
0.600	25 - 60
0.300	10 - 30
0.150	2 - 10

Description	Class B, Max. Mass %
Friable particles	0.5
Coal and lignite	0.5
Material passing the 0.075 mm sieve	3.0

### 4. Price and Survey

4.1 Price : BD Taka ~~1444~~ Per CUM(Include AIT and VAT)

Neither Supplier nor Buyer may request a change in unit price under any circumstances during agreement period(for 2<sup>th</sup> months).

4.2 Condition of Weight survey :

- Weigh the truck loaded with sand on the weighbridge located in Buyer's Batch Plant. And delivery quantity is based on this weight.
- The weight of 1 CUM of sand is 1,530 kg
- The standard moisture content of sand is 5%. if it exceeds 5%, the amount of sand is subtracted as excess moisture content more than 5%

### 5. Payment

5.1 Request : Supplier shell request the delivery fee twice a month(1<sup>st</sup> to 15<sup>th</sup> 1time, 16<sup>th</sup> end of month 2times). Supplier shall send invoice to Buyer to request sand supply amount.

5.2 Payment : Buyer shall pay within **30** days from the date of receipt of the invoice for delivery.

5.3 Payment arrear of interest : If the payment is delayed, Buyer shall pay interest expenses calculated the date of delay.(Interest rate is 10% per year)

**6. Conditions for contract termination**

6.1 Quality Problem : When Supplier deliver sand that does not meet the quality condition in this agreement 5 times or more, Buyer can be terminate this agreement.

6.2 Quantity Problem : In case Supplier fails to supply the requested amount of sand per day 5 times or more, Buyer can be terminate this agreement.

6.3 Termination Penalty : In case this agreement is terminate by above conditions, Buyer deducts an amount equivalent to 5% of the balance amount of total delivery quantity from the payment of sand as a termination penalty.

For example :

Balance amount 5K CUM = Total supply quantity 10K CUM – Delivered quantity 5K CUM

Deducted Penalty = 5K CUM \* Sand Price BDT/CUM \* 5%

**IN WITNESS WHEREOF**, the Parties have caused this Addendum to be executed by the day and year first before written in accordance with their respective laws.
